

Important note for using AIDG excel templates via Microsoft Excel

Microsoft has announced that starting from 10 October 2017, it will not continue providing technical support and security updates for the Microsoft Office 2007 including Microsoft Excel 2007. Therefore, TR members who are using Microsoft Excel 2007 to process the AIDG excel templates are encouraged upgrading the Microsoft Excel to more recent version for trade reporting on or before that day.

For the published AIDG excel templates certified for Microsoft Excel 2007 and 2010, supports will still be provided to the TR members who is using Microsoft Excel 2010 to process the AIDG excel templates. For users migrating to Excel 2013/2016, a new set of AIDG excel templates certified for the Microsoft Excel 2010, 2013 and 2016 will be provided upon requests.
